EDUCATION

Qarshi University
Bachelor of Science in Computer Science (BSCS) | 2024 – Present

TECHNICAL SKILLS

- Java (OOP) and C++ (data structures)
- Design and Analysis of Algorithms
- Database Design and data modeling
- Command-Line Interfaces (CLI)
- Currently building: Python for AI/ML

CORE STRENGTHS

- High-volume, high-accuracy execution under deadlines
- Clear technical communication in English
- Fast, self-directed learning

PROFILE

Computer Science undergraduate at Qarshi University focused on artificial intelligence and machine learning. Coursework completed in data structures, design and analysis of algorithms, and database design, plus practical Java (OOP), C++ and CLI work. Nearly a year of professional experience where accuracy, volume and clear communication were measured daily. Seeking an AI/ML internship where disciplined execution and fast learning turn into real contribution.

WORK EXPERIENCE

OAKMOUNT | Customer Sales Representative
Lahore, Pakistan (U.S. Market) | April 2025 – November 2025

- High-Volume Execution: Worked a 400+ daily outbound dial pipeline into the U.S. logistics market without losing accuracy.
- Pattern Recognition: Tracked outcomes across thousands of monthly interactions and prioritized the segments that actually converted.
- Communication Under Pressure: Explained value clearly in English to U.S. clients across night-shift time zones.

FLYMUST TRAVEL AND TOURS | B2B Operations Intern
August 2024 – October 2024

- Structured Data Handling: Managed ticketing and Umrah department records in a strict B2B environment with 100% accuracy on sensitive partnership data.
- Command-Line Workflows: Used CLI tools for high-efficiency data processing and system navigation.
- Process Documentation: Streamlined B2B documentation so recurring workflows stayed repeatable.
